

Nerve Fag.

If You Waste Your Nerve Energy, After Awhile You Will Suffer For It.

You can waste nerve force by excess, over-work, worry, anxiety, etc.

You can weaken yourself by not eating proper food or securing sufficient rest to renew the nerve energy you use up.

The proper treatment, in addition to good phosphoric food, such as whole meal bread, prepared cereals, etc., is Dr. Miles' Restorative Nerve.

This is as truly a brain and nerve food as any food you could eat, and besides, furnishes strength and tone of its own, which goes to the weakened nerve system and sets it to rights.

Dr. Miles' Restorative Nerve is a refreshing, revitalizing tonic food-medicine for the brain and nerves. It reconstructs worn-out nerve tissue, and fills your languid brain with new life and vigor.

Dr. Miles' Nerve has made so many marvelous cures, of people so sick the doctors thought they were incurable, that it is today the standard medicine in many thousands of American homes.

The first bottle is guaranteed to help you, or druggist returns your money.

"The extreme heat, close confinement and intense mental strain incident to the banking business, has caused me to suffer with nervousness and insomnia. It gives me pleasure to say that I have used Dr. Miles' Nerve with very satisfactory results in the treatment of these afflictions. I am now on my fifth bottle, and eat and sleep well, in fact have almost forgotten that I possess nerves."—K. L. DALBY, Asst. Cashier, State Bank, Texarkana, Ark.

HOUSE CONCURRENT RESOLUTION NO. 6.

Proposition to Amend Section 14 of Article 2 of the Constitution of the State of Kansas.

Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected to each house thereof concurring therein:

SECTION 1. The following proposition to amend the constitution of the state of Kansas is hereby submitted to the qualified electors of the state for their approval or rejection: That section 14 of article 2 be amended so as to read as follows: Section 14.

Every bill and joint resolution passed by the House of Representatives and Senate, shall, within two days thereafter, be signed by the presiding officers, and presented to the governor; if he approve, he shall sign it; but if not, he shall return it to the House of Representatives, which shall enter the objections at large upon its journal and proceed to reconsider the same. If, after such reconsideration, two-thirds of the members elected shall agree to pass the bill or resolution, it shall be sent, with the objections, to the Senate, by which it shall likewise be reconsidered, and if approved by two-thirds of all the members elected, it shall become a law. But in all such cases, the vote shall be taken by yeas and nays, and entered upon the journals of each house. If any bill shall not be returned within three days, (Sundays excepted), after it shall have been presented to the governor it shall become a law in like manner as if he had signed it, unless the Legislature, by its adjournment, prevent its return, in which case it shall not become a law. If any bill presented to the governor contains several items of appropriation of money, he may object to one or more of such items, while approving the other portion of the bill, in such case he shall append to the bill at the time of signing it, a statement of the item or items to which he objects, and shall transmit such statement, or a copy thereof, to the House of Representatives, and any appropriation so objected to shall not take effect unless reconsidered and approved by two-thirds of the members elected to each house, and if so reconsidered and approved, shall take effect and become a part of the bill, in which case the presiding officers of each house shall certify on such bill such fact of reconsideration and approval.

SECTION 2. This proposition shall be submitted to the electors of the state at the general election of representatives in the year 1904 for their approval or rejection. The amendment hereby proposed shall be designated on the official ballot by the following title: "The veto amendment to the constitution," and shall be voted for or against as provided by law, under such title.

SECTION 3. This resolution shall take effect and be in force from and after its publication in the statute-book.

Passed the House February 9, 1903. Passed the Senate February 10, 1903. I hereby certify that the foregoing is a true and correct copy of original House concurrent resolution No. 6, now on file in my office.

J. R. BURROW, Secretary of State.

A Seasonable Offer.

The successful business man of the city reads his trade paper as a part of his business and thus keeps posted in his territory. The successful business man in the country selects as his trade paper that agricultural or live stock journal which gives him information in regard to the climate and soil conditions under which he must work. This is why the Kansas Farmer has for forty-two years been the great farmers' text-book of the West. It is published in Kansas, by Kansas men, and for Kansas farmers. It maintains departments in agriculture, live stock, horticulture, poultry, dairy, household, apair, young folks, and the markets, each of which are edited by an expert.

We are glad to announce that we have just made arrangements by which we can furnish this great farm paper and the Herald both for one year, for only \$1.00. Write postal card to Kansas Farmer Company, Topeka, Kans., for a sample copy and mention the Phillipsburg Herald.

Points for Social Workers.

There are in the twenty-eight metropolitan boroughs of London 291,725 working boys who have no place but the streets to play in, with the exception of 29,912 of that number, who are members of one of the 465 boys' clubs, of the right kind and under efficient management already in existence.

Put in another way, out of every 628 boys the existing clubs only receive fifty-five as members, leaving 573 boys or 91 per cent of the total, without the means of healthy recreation and amusement of any kind except the streets. So, too, out of 324,905 working girls only 22,079 are members of the 267 girls' clubs. That is to say, that out of every 1,217 girls, the girls clubs only receive eighty-three as members, leaving 1,134 girls, or 93 per cent of the total, without the means of healthy recreation or amusement except the streets.

GRADED SYSTEM OF ROBBERY.

Thrifty Millionaire Indignant at Extortion in Hotels.

Patrick Driscoll, the millionaire of Arizona, says he will visit the St. Louis fair this summer. Mr. Driscoll, with an income of \$80,000 a month, spends only \$30 monthly. He lives in a small clean cottage and he cooks his own meals.

"Big expenditures mean waste," he said the other day. "I could spend all my income without difficulty, but I wouldn't get the worth of each dollar. I would only be encouraging waste, extravagance and double dealing on every side."

"Take, for instance, hotel life, where you pay \$10 or \$12 a day. That kind of life is full of duplicity."

"Suppose I go to a \$10 a day hotel. My shoe splits a half inch and I say to the bellboy:

"Take this shoe to the cobbler and have it patched up."

"An hour later the cobbler's errand boy brings the shoe back. He hands it to the porter. Here's a patched shoe from Room 31," he says. "It's 10 cents."

"The porter hands the shoe to the hall boy. 'Patched shoe for 31,' he says. 'It cost 15 cents. I paid it. Give me the money.'"

"The hall boy takes the shoe to the bellboy. 'Here's your patched shoe. You owe me a quarter on it,' says he."

"And the bellboy, finally, brings the shoe to me. 'Your shoe,' he says. 'It cost a half dollar. I paid for it, sir.'"

"A day or two later I meet the cobbler."

"By the way," I ask, "what did you charge for patching that shoe of mine?"

"Why, nothing," answers the cobbler."

Directors Were Dumbfounded.

Once there was a rich man—a very rich man—who wanted to do something handsome for a struggling institution of learning.

He called the directors together and said to them:

"Gentlemen, I purpose giving your institution \$50,000."

"But," they said, after they had recovered from their surprise, "it will be impossible for us to raise the \$10,000,000 that will be needed in order to secure your munificent gift."

"You will not need to raise any \$10,000,000," he replied; "the donation will be unconditional."

"Then the money will be invested in bonds or real estate, we presume, and we shall be allowed to use the income in erecting new buildings and paying running expenses?" they faltered.

"Not at all," responded the rich man. "The gift will be in cash, to be used in any way you please, and when it is all gone there will be another \$50,000,000 at your disposal, gentlemen, if you have spent the first sum wisely."

The directors consulted together in whispers and then quietly sent for an officer.

The man evidently was insane.

Dangerous Mexican Weed to Smoke.

Manuel Guerrero and Florencio Pino had got the "marihuana" habit, and for the last few weeks had been smoking big cigarettes in which tobacco was mixed with the dangerous weed. Tuesday afternoon the two men smoked cigarettes composed of tobacco in smaller proportion than marihuana, and after a few minutes ran amuck.

Then went out into the street shouting, vociferating and attacking everybody. First they marched hand in hand, declaring that they were the bravest men on earth and would kill anybody who dared to say a word to the contrary, but at last Pino declared that he was still braver than his friend, and a fight followed, the two receiving dangerous wounds.

They were captured and sent to the hospital, where they had to be put into straitjackets. It is feared that the two men, if they recover from their wounds, will lose their minds permanently, as is the case often with marihuana smokers.—Mexican Herald.

Raw Eggs a Tonic.

A raw egg is an excellent tonic and is very strengthening. If prepared in the following way it is really a delicious drink. Put the yolk of an egg into a dish with a teaspoonful of white sugar and a teaspoonful of orange or lemon juice, and beat lightly together with a fork. Put the whites on a plate and add a pinch of salt; then, with a broad-bladed knife, beat it to a stiff froth. Now, as lightly as possible, mix all together in the dish, then as lightly transfer it to a clean tumbler, which it will nearly fill if properly made. It must not stand in a warm place, as it soon becomes liquid and loses its snowy look. Any fruit juice may be used in place of orange or lemon.

"Toilet" for Horses.

A beauty hospital for horses has been established in Europe. Here horses have their coats electrically massaged, their hoofs manicured, and their teeth filled and whitened; and here they learn to stand properly and to move in all the fashionable gaits. Probably the most interesting and novel operation to witness is the electrical massaging of a horse's coat. This has the same effect on the coat of a horse as the scalp of a man; it makes the hair thick and fine and glossy, and, where the skin has been rubbed bare, it brings on a new growth.

Uncle Sam's Rolling Stock.

Uncle Sam's passenger rolling stock would make a solid train 500 miles long.

Honors Were Even.

Maxfield Parrish, the illustrator, has a picturesque house in Vermont, and from this pleasant home he often makes excursions into the wildest and most isolated parts of the State.

During a recent visit to New York Mr. Parrish said:

"I stopped overnight at a lonely Vermont farm last month. The house commanded a barren and desolate landscape. It was anything but gay."

"I remember the brief conversation I had with the farmer as he showed me to my bed."

"A very quiet place," I said.

"It is," said he.

"Does a newspaper ever find its way here?"

"Seldom."

"Then," I said, "you don't hear much of what is going on in New York, eh?"

"No," said the farmer, grimly, "but then, you see, they don't hear much in New York of what is going on here, either."

Funny Anyway.

William Winter, the dramatic critic, is thought by some to write the worst hand of any man living. There may have been giants in the past, men like Horace Greeley, who surpassed him, but no one his equal remains.

Some years ago Mr. Winter was traveling in Scotland, and having had many amusing experiences, wrote an account of them to R. H. Stoddard, in New York. Mr. Stoddard received the letter at breakfast, and, combining familiarity with the intimations of the poet, managed to make it out, and enjoyed several good laughs. He glanced up at Mrs. Stoddard and said:

"It's from William Winter. Very funny. Want to read it?"

"You know I can never read a word of his writing," answered Mrs. Stoddard.

"Oh, that doesn't matter," replied Mr. Stoddard, tossing the letter over; "it's just as funny to look at!"—Boston Post.

VETERINARY SURGEON

I have rented the McDowell salarary and will use same for a training barn and VETERINARY HOSPITAL. See me for all kinds of veterinary work.

I, D. HAUGHEY.

"The Eldridge"

For the name Eldridge has stood for the BEST in the Sewing Machine World.

Here is a New Eldridge: BETTER than EVER, and Superior to all others. Positive take-up; self setting needle; self threading shuttle; automatic tension release; automatic bobbin winder; positive four motion feed; capped needle bar; noiseless self adjusting roller bearing wheel; steel pitman; five ply laminated woodwork, with a beautiful set of nickel-plated attachments.

Ask your dealer for the Improved Eldridge "B" and do not buy any machine until you have seen it.
